It is a matter of gratification to our countrymen that the American vessel which so efficiently aided in the laying of the ocean telegraph, throwing into the shade the British line-of-battle-ship with which she was associated, and showing a combination of power and tractableness never before seen in a vessel of such size on the ocean, was the master piece of the lamented Steers, whose famous yacht America beat with ease the fleetest vessels. On that occasion, the London Punch perpetrated the following, which is not altogether inapplicable to the late generous rivalry between the Agamemnon and Niagara:

Yankee Doodle did not know, When he went a sailing, What the Dicken he should do, If it proved a failing. "If Johnny Bull should beat me now As I am going to yot him, I'll try it over anyhow,

BŒRHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR DYSPEPSIA, DISEASE OF THE KIDNEYS, LIVER COMPLAINT, WEAKNESS OF ANY KIND FEVER AND AGUE,

And the various affections consequentupon a disordered STOMACH OR LIVER.

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Bærhave. Because of its great success in most of the European States, its introduction into the United most of the European States, its introduction into the United States was intended more especially for those of our father-land scattered here and there over the face of this mighty It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally. nstantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor

NOTICE.-Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular CAUTION :

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not pursuaded to buy anything else until you have given Bærhave's Holland Bitters a fair trial One bottle will convince you how infinitely superior it is to all these imitations.

JOY TO THE ADMIRERS OF A FINE HEAD OF

RICH GLOSSY HAIR. TALK OF BEAUTY, it cannot exist without a fine head A of hair, then read the following, and if you ask more, see circular around each bottle, and no one can doubt: PROFESSOR WOOD'S HAIR RESTORATIVE .- We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color gray haircovers the head of the bald with a luxuriant growth—removes the dandruff, itching, and all cutaneous eruptionscauses a continual flow of the natural fluids; and hence, it used as a regular dressing for the hair, will preserve its col-or, and keep it from falling to extreme old age, in all its natural beauty. We call then upon the bald, the gray, or diseased in scalp, to use it; and surely the young will not, as they value the flowing locks, or the witching curl, ever be without it. Its praise is upon the tongue of thousands.

The Agent for Prof. Wood's Hair Restorative in New Ha-

ven, received the following letter in regard to the Restorative, a few weeks since: DEEP RIVER, Conn., July 23, 1856.

Mr. Leavenworth—Sir: I have been troubled with dandruff or scurf on my head for more than a year, my hair began to come out, scurf and hair together. I saw in a New Haven paper about "Wood's Hair Restorative" as a cure I called at your store on the 1st of April last, and purch one bottle to try it, and I found to my satisfaction it was the thing; it removed the scurf and new hair began to grow; it is now two or three inches in length where it was all off. have great faith in it. I wish you to send me two bottles more by Mr. Post, the bearer of this. I don't know as any of the kind is used in this place, you may have a market for many bottles after it is known here. Yours with respect,

RUFUS PRATT PHILADELPHIA, Sept. 9, 1856. Prof. Wood-Dear Sir: Your Hair Restorative is proving itse'f beneficial to me. The front, and also the back part of my head almost lost its covering—in fact BALD. I have used but two half-pint bottles of your Restorative, and now the tip of my head is well studded with a promising crop of young hair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. think from my own personal recommendation, I can induce Yours respectfully, D. R. THOMAS, M. D.,

No. 464 Vine street.

VINCENNES, IA., June 22, 1853. Prof. O. J. Wood: As you are about to manufacture and vend your recently discovered Hair Restorative, I will state. for whomsoever it may concern, that I have used it and known others to use it—that I have, for several years, been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper cleanses the head of dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance; and all this, without discoloring the hands that apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair.

Respectfully yours,

O. J. WOOD & CO., Proprietors, 312 Broadway, New York, (in the great N. Y. Wire Railing Establishment,) and 114 Market street, St. Louis, Mo. Sold in Wilmington, N. C. by Walker Meares, W. H. Lippitt, Drake & McLin, and by all good Druggists.
